

WE BRING THE THRILL OF RACING

Meticulously planned by veteran European go kart operator and former professional race car driver Mike Hezemans, R1 Indoor Karting is an exciting, 90,000 square foot indoor entertainment venue for all to enjoy. Be sure to buckle up! R1 Indoor Karting is one of the fastest indoor go kart tracks in the United States with speeds reaching up to 40 mph.

Each participant is timed, receives a detailed computer printout of their performance and, for groups of 8 or more, there's even an award ceremony for the 1st, 2nd and 3rd place finishers!
