

SKI & RIDE

Berkshire East Mountain Resort is a family friendly resort with 45 trails throughout 162 acres of skiable terrain. Amenities include rental equipment, the Snowsports School, the Children's Play and Ski Center, and night skiing. Recharge in our lodges between runs where you can choose from our cafeteria style dining service, or our full-service restaurant and bar, the Crazy Horse Bar and Grille.

TREE HOUSE TRAIL & AERIAL ADVENTURE PARK

The *Tree House Trail* (ages 3 and up) lets little ones navigate amongst the trees in an unharnessed environment using netted bridges. The *Aerial Adventure Park* (ages 9 and up) tests your balance and agility as you navigate from platform to platform on elevated elements. While fully harnessed, you'll access the platforms by using Indiana Jones style bridges, a Tarzan swing, and more!

NEW ENGLAND'S OUTDOOR ADVENTURE CENTER

**BERKSHIRE
EAST**
MOUNTAIN RESORT

ABOUT US

Berkshire East Mountain Resort, located in the beautiful Deerfield River Valley of Western Massachusetts, is New England's Outdoor Adventure Center. Owned and operated by the Schaefer family since 1976, Berkshire East provides excellent Alpine Skiing and Snowboarding, Snow Tubing and the *Thunderbolt*, North America's longest Mountain Coaster, during the winter season. During the summer and fall, an array of outdoor adventures are offered with three Zip Line Canopy Tours, Whitewater Rafting, Downhill Mountain Biking, and the *Thunderbolt*. Lodging is offered at the Warfield House Inn, just one mile from the ski area. The newly renovated base lodge and the Warfield House Inn each offer excellent settings for weddings and special events. Berkshire East Mountain Resort is well equipped to provide you and your group with unbeatable outdoor adventures that will get your heart pumping.

WHITewater RAFTING

Thanks to scheduled water releases on the Deerfield River, we're able to enjoy whitewater rafting in Western Massachusetts from April through October. The Deerfield River runs through the foothills of the Berkshire Mountains, along the historic Mohawk Trail, and has become an outstanding venue for whitewater rafting. The scenery is breathtaking, and the river is clean and clear. From first time families to whitewater enthusiasts, the Deerfield River offers an exciting whitewater rafting experience for everyone!

MOUNTAIN COASTER

The *Thunderbolt*, North America's longest mountain coaster, provides thrills for the whole family. This gravity-fed roller coaster with individual carts allows you to control your experience. Go slow and check out the scenery, or release the brakes and reach speeds of up to 26 mph. Giggle and scream your way through swooping corners, rolling drops and 360 degree turns. With minimum rider age of 3 and driver age of 9, the *Thunderbolt* is a perfect stand alone adventure for the family, or an addition to our other great activities.

RENEWABLE ENERGY

In 2012, Berkshire East Mountain Resort became the world's first ski area to power 100% of its operation with on-site renewable energy. A sustainable future has been made possible by installing a 900kWh wind turbine and a 500 kWh solar field.

Wind Turbine Facts

- The wind turbine is 277 feet tall.
- Each blade is 91 feet long; there are three blades.
- The center of the hub is approximately 195 feet in the air.
- The blades spin at 27 rpm, at maximum speed.

Solar Field Facts

- There are 1,800 panels in a ten acre field.
- Each panel is in a group of 20, on a pole that makes up one All Sun Renewable Solar Tracker.
- There are 90 Solar Trackers that follow the sun from sunup to sundown.
- A Solar Tracker will produce 35%-45% more electricity than a fixed panel.

MOUNTAIN BIKE PARK

Experience the excitement of downhill mountain biking at *Thunder Mountain Bike Park*, voted Top Bike Park in the Northeast by Mtbparks.com for 2015 and 2016. From cruising, beginner trails to jump trails for the hardcore, we offer terrain for all abilities and styles. Working alongside renowned builders Gravity Logic, our goal is to be one of the best riding experiences in North America. Full equipment rentals and lessons with our trained instructors are available.

ZIP LINE TOURS

With three different zip line canopy tours available, featuring some of North America's longest zip lines, Berkshire East Canopy Tours is New England's largest zip line destination and is featured by USA Today as one of the Top 10 Zip Lines in the United States. Whether you are getting your first taste of zipping on our Base Area Tour or seeking an adrenaline rush on our Valley Jump Tour, there is something to suit all interests.
