

*Roll up in a Piece of History*

Antique Touring Company gets you up close and personal with Detroit history as you tour The Motor City in a Model A Ford. Located at 461 Piquette Avenue, two blocks east of Woodward, tours depart from our garage in the Ford Piquette Plant National Landmark.

## 2019 is Antique Touring Company's

second season offering historic tours of Detroit. Our signature tour, **Historic Belle Isle**, received stellar reviews in 2018 on Facebook and Trip Advisor. Back by popular demand, the tour offers a window into the influences shaping Detroit's beautiful island park during Victorian and Edwardian times.

This year we are proud to present Motor Cities National Heritage Tour: **From Tinkerers to Titans in the Auto Age**. Focused in and around the early automotive hub of Milwaukee Junction, the tour follows Detroit area innovations that precipitated the age of the automobile. Highlights include the Packard Plant, the Ford Highland Park Plant, historic Boston Edison and Albert Kahn's greatest creation, the Fisher Building.

Visit our website [AntiqueTouring.com](http://AntiqueTouring.com) for information on special event tours in Detroit during Woodward Dream Cruise 8/16 and Jazz Fest, 8/30-9/2.

Thanks to the Motor Cities Heritage Area for your sponsorship in 2019!
