# *Christmas at Blithewold* **Life in the Garden**

Blithewold's gardens have provided an inspiring landscape for volunteer decorators to draw from for this year's Christmas theme, *Life in the Garden*.

Design that borrows the color and form of plants and wildlife is in every room, filling the house with flora and fauna that bring the outdoors indoors. Christmas trees and evergreen garlands are festooned with bees, butterflies, birds, and blossoms, and every room reflects nature's wonders and the beauty of the season.

Blithewold is a 33-acre summer estate with grand views of Narragansett Bay and is nationally significant in American history as one of the most fully developed and authentic examples of the Country Place Era. The property features a 45-room mansion filled with family heirlooms, and is framed by a series of lovely gardens.
